

During Shakespeare Week, Year 2 learned all about the Romeo and Juliet. We learned all about the two families (Montagues and Capulets) and how they did not get on. We designed our own family coat of arms, just like the two families but with our own ideas and we made our own beautiful masks for the Capulet's masked ball. We also learned about the plague and how people made things to hide the terrible smell. We constructed lavender bags which made the classroom smell wonderful!
