

## Autumn Term:

During Autumn Term we have been very busy Writers and Readers! From Superhero stories to Romeo and Juliet's love story and then on to Duncan's letters.

We completed recounts, story-maps, letters, speaking frames, comic strips and performed plays.

Our books/plays we looked at were;

- Send for Superheroes by Michael Rosen.
- Romeo and Juliet by William Shakespeare.
- The Day the Crayons Quit by Drew Daywalt.

Our focus this term was to remember our capital letters, finger spaces and full stops. We have also tried very hard with our cursive handwriting.

Look at our work below and get INSPIRED!

### Our innovated Comic Strips!

We even wrote letters to our Agony Aunt Mrs Shergill for some advice for Romeo and Juliet.

Dear Mrs Shergill,  
I am writing to inform you of my little story. Yesterday I met this handsome beautiful young man called Romeo he had a odd charm, giving meek. Romeo has a cute, contagious beautiful smile he also reminds me of a really juicy white pepperoni.  
Before I met Romeo I felt lonely because everyone was just not listening to me and I always got lost anything I do, also felt nervous because I had to write home all by my self in the dark and I couldn't see anything. I really want to marry Romeo but very soon I can't because Romeo is an Italian and I am a Greek very badly Italian and Greek's can't be together. I also truly want to marry Juliet with Romeo and my life and my parents but my parents will not let me marry Romeo.  
Please Mrs Shergill help their families with.

Yours sincerely  
Juliet

Dear Duncan,  
I am writing to inform you that I am quitting my job. My first complaint is that you use me just to make money because you don't even let me breathe and you just keep on pressuring and now my beautiful shiny hair is flat. My biggest complaint is over going to sleep and now my hair is curly and this my second complaint. My third complaint is I am completely jealous, green is the only colour that you like and I want to know why that is. My fourth complaint is I am absolutely damaged about and broken because you just ruin my whole life. My fifth complaint is that I am just filled with coldness when you just go to be silly you just take us my wife and when you do all of my coldness is released. My sixth complaint is that I am extremely angry because I have nothing to do but colour with my hair in your and I feel since your angry because I can't even take a rest and when all the good things you did to me you really understand wanting anyone you're not talking about I don't care if she speaks out at you talking about I'm still talking here!
